STATEMENT OF CARLO GUARDIANI

I, Carlo Guardiani hereby state the following:

1. I am one of the named inventors of this patent application.
2. I am one of the named authors of the paper, Zanella, Stefano, Nardi, Alessandra, Quarantelli, Michele, Neviani, Andrea and Guardiani, Carlo, "Analysis of the Impact of Intra-Die Variance on Clock Skew," 12 June 1999, Statistical Metrology. IWSM. 1999 4th International Workshop on Pages 14-17 (referred to below as Zanella et al.).

3. I understand that Zanella et al. has been relied on by the U.S. Patent and Trademark Office in rejecting all of the claims of this patent application.

4. I have reviewed the pending claims of this patent application.

5. To the extent that Zanella et al. discloses any subject matter currently claimed in this application, I conceived all of that subject matter.

6. None of the other authors of the paper by Zanella et al. contributed to conception of the subject matter currently claimed in this application. Their contributions were either performed under my direction, or were directed to subject matter that is not claimed in the present application.

I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true, and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Respectfully submitted,

Dated: , 7-21-2004

Carlo Guardiani
